Steve - thanks for getting back to me. If you have access to the I-drive, then can you place the documents in the following folder path:

Hi Paula, sorry I didn't respond sooner to your request. I will send these out tomorrow AM - maybe if you have a folder on the I drive, I'll put a copy there.

Steve or Sherry – Can you send me (electronic) the final QAPPs, Sampling & Analytical Results reports for the last 4 years – 2012, 2013, 2014, & 2015? We would need all of the appendices including field notes, validation, maps, etc. that support the data collection in that report. If you have an FTP site or something similar that would make it easy to transmit the reports to a number of EPA staff both in Region 8 as well as HQ, please let me know.

If you have questions about this request, let me know.

Thank you.
